## ST JAMES'S STREET SURVEY

Your views are very important to me.

I would be keen to know what local residents and businesses feel about the idea of pedestrianising St James's Street and how this would impact on the area.

Before becoming the Member of Parliament for Kemp Town I ran a number of businesses in the area. This is why I know how important it is that St James's Street continues to thrive.

Best wishes,

**Simon Kirby MP**  
Member of Parliament for Brighton Kemp Town
